

Birthday Parties

BLUE ICE SOLIHULL THE PLACE TO PARTY

On the day of your party you will be met by your party host who will organise the party for you and make sure you have the *coolest* time. All you need to do is bring the cake!

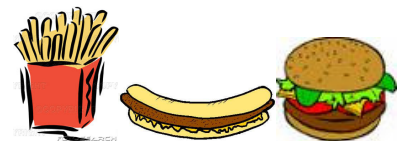

"Your party lasts for 2 hours but if we are still open after your party has officially finished you can stay and skate for the remainder of the session at no extra cost!"

It is recommended that one adult to every five children supervises the party. One adult to every five children may skate for the cost of skate hire should they wish to do so. Your party host will spend approximately 30 minutes with you. This will include, taking your food order, accompanying you to skate hire and assisting those less confident on the ice. The party room is allocated to you for approx 30 minutes.
